EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

a. **Claim 7 has been canceled because it is drawn to a non elected invention which has been elected without traverse. (Applicant has the right to file a divisional.)**

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

b. Claim 1 the power means is connected between the arm and the reference cannot be read on the invention because applicant has claimed the patentable structure. Claim 7 reads over the art because the hanger bracket is detachable and hook is moveable. The prior neither anticipates nor renders obvious the instant invention being claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
